Questions to Ask Your Doctor About Multiple Myeloma

Getting started

- What stage is my myeloma?
- Have you analyzed my myeloma DNA? What were the results? Did you find any high-risk features?

Treatment

- What tests do I need before we can decide on treatment?
- What are my treatment options?
- If my myeloma is considered high risk, what are the preferred treatment options?
- Will I experience any side effects from my treatment?
- How are the treatments administered (infusion, injection, or pill)?
- How long should I expect to be on this treatment?
- Is there a clinical trial that might be appropriate for me?
- Am I eligible for a stem cell transplant? If so, should I get one?
You can reach the MMRF Patient Navigation Center by phone at 1-888-841-6673, Monday through Friday from 9:00 AM to 7:00 PM Eastern Time, or on the Web at themmrf.org/resources/patient-navigator-center

The MMRF Patient Navigation Center is a space for patients to connect with patient navigators—who are oncology professionals—for guidance, information, and support.

- What support services are available to me?
- What financial resources are available to me?
- Are there any myeloma patient support groups available to me? Are any in my area?
- What is the best way for me to contact you in case of emergency?
- Should I tell my other doctors/my dentist about my diagnosis?
